

Summer Zoo Camp Descriptions – Week B

K-1st

Oh Baby!

Weeks of June 18th, July 16th, and July 30th

Scaly or feathered? Furry or slimy? Whichever animals you like the best, come learn about their youngsters in a week that's all about the kids (and cubs and chicks!).

2nd-3rd

Nature's Wildest Jobs

Weeks of June 18th, July 16th, and July 30th

Everyone likes to feel needed! Learn all about the important jobs that animals do in the wild, from elephants uncovering water to bees pollinating plants.

4th-5th

Zoo Lab

Weeks of June 18th, July 16th, and July 30th

We've always had a lot of questions about the natural world, and science can help us find the answers! We'll perform hands-on experiments this week to help us solve some of nature's most intriguing puzzles.

6th-8th

Fur-ensic Files

Weeks of June 18th and July 16th

What's going on at the Zoo? It's a mystery! Put your detective skills to the test as you use the tools of the trade to analyze hair, tracks, and even scat to get to the heart of a Zoo-based crime scene.
